DCF DATA CENTER EXPO & CONFERENCE

DCF Data Center Expo & Conference is the only organized data center exhibition of Eurasia region, aiming to fill the large gap of the data center sector in the region, the event is preparing to gather sector professionals again between **28-30 October 2021** at the **Istanbul Expo Center** in Istanbul, Turkey.

The event will host sector professionals, entrepreneur companies, world players and game changers from 30 countries in The Middle East, Europe, Gulf Region and Africa. DCF Data Center Expo & Conference 2021 will be continuing to expand its sphere of influence, contributing to create strong business partnerships and transform the great regional potential to long-range plans and investments.
